I'd like to say I really appreciate your time and effort in training me with Mega Volume Technique.

I was impressed with your ability to show me all the necessary tips and tricks to get that perfect volume set. I loved that you were able to train me in a way that I could easily understand and put learnings into practice immediately. Often with time constraints on learning new lash techniques its hard to grasp it all but because Mai jumped right in to the practical side it was more beneficial for my learning style. I would recommend this course to any fellow lash stylists who want to evolve in the Volume Lash World. Thank you Mai.
