Testimonials

Studying eyelash extensions with Mai allowed me to stop working full time as an employee. I started to build my lash business from home and now I have regular clients which fill my schedule 4 days/ week. I earn more money working on my lash business than when I worked 9-5. I was absolutely happy with the training that she provided. She was very knowledgable and I have learnt so much from her. Mai was able to answer all the questions I had. I would highly recommend this course! Thank you Mai!

- Kathy Ha, Australia

I've been lashing for a while now. Trained in both classic and Volume. I was looking for an online eyelash course that I can freshen up my knowledge. So I enrolled in Asena online courses. I have to say I've learnt so much from Mai's courses than any other courses I've done both in person and online. The part that I like the most is the courses are very comprehensive with both theory and practical and they are so well structured. Another thing that I love is the mentoring call. It allowed me to receive personal feedback from Mai and solve the problem that I have with how to deal with difficult clients. I enjoy the course so much because I get to learn new things everyday. I'm so glad I found your course Mai xx.
